

Independent Auditor's Report

To the Members of Godrej Genesis Facilities Management Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Godrej Genesis Facilities Management Private Limited (the "Company") which comprise the balance sheet as at 31 March 2025, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its loss and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report(s) thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for

safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related

invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. The Company has neither declared nor paid any dividend during the year.
- f. Based on our examination which included test checks, the Company has used accounting softwares for maintaining its books of account, have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software except that the feature of audit trail was not enabled at the database level to log any direct data changes for accounting software used for maintaining general ledger till 12 March 2025. Further, where audit trail (edit log) facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled and operated in the previous year, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the Company is not a public company. Accordingly, the provisions of Section 197 of the Act are not applicable to the Company. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure B to the Independent Auditor's Report on the financial statements of Godrej Genesis Facilities Management Private Limited for the year ended 31 March 2025

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Godrej Genesis Facilities Management Private Limited ("the Company") as of 31 March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to

Annexure B to the Independent Auditor's Report on the financial statements of Godrej Genesis Facilities Management Private Limited for the year ended 31 March 2025 (Continued)

provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Godrej Genesis Facilities Management Private Limited

Notes Forming Part of Financial Statements

for the year ended March 31, 2025

(Currency in INR Thousands)

Note 1

I. Company Overview

Godrej Genesis Facilities Management Private Limited (“the Company”) having CIN No U70100MH2016PTC273316 is engaged primarily in the business of maintenance of commercial property of Godrej Genesis project of Godrej Projects Development Limited (holding company). The Company is a private limited Company incorporated on February 19, 2016 and domiciled in India having its registered office at Godrej One, 5th Floor, Pirojshahnagar, Eastern Express Highway, Vikhroli, Mumbai-400079.

II. Basis of preparation and measurement

a) Statement of compliance

These financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 (“the Act”) and the relevant provisions and amendments, as applicable.

These financial statements of the Company for the year ended March 31, 2025 were authorised for issue by the Company’s Board of Directors on April 29, 2025

b) Functional and Presentation Currency

These financial statements are presented in Indian rupees, which is also the functional currency of the Company. All financial information presented in Indian rupees has been rounded to the nearest thousands, unless otherwise stated.

c) Basis of measurement

These financial statements have been prepared on historical cost basis except certain financial instruments measured at fair value.

d) Use of Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires the use of estimates, judgements and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Management believes that the estimates made in the preparation of the financial statements are prudent and reasonable. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

II. Basis of preparation and measurement (*Continued*)

d) Use of Estimates and Judgements (*Continued*)

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are as follows:

- *Fair value measurement of financial instruments*

When the fair values of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation technique. The inputs to these models are taken from the observable market where possible, but where this is not feasible, a review of judgement is required in establishing fair values. Changes in assumptions relating to these inputs could affect the fair value of financial instruments.

- *Recognition of deferred tax asset*

The deferred tax assets in respect of brought forward business losses is recognised based on reasonable certainty of the projected profitability, determined on the basis of approved business plans, to the extent that sufficient taxable income will be available to absorb the brought forward business losses.

e) Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data.

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

II. Basis of preparation and measurement (*Continued*)

f) Operating cycle

All assets and liabilities are classified as current and non-current as per Company's normal operating cycle of 12 months which is based on the nature of business of the Company. Current Assets do not include elements which are not expected to be realised within 1 year and Current Liabilities do not include items which are due after 1 year, the period of 1 year being reckoned from the reporting date.

g) Going Concern

The Company has been incorporated for the maintenance of commercial property of Godrej Genesis project of Godrej Projects Development Limited situated at Block EP and GP, Kolkata West Bengal. Based on the financial support extended by Godrej Projects Development Limited (Shareholder of the company), the management believes that the company will continue to operate as a going concern for the foreseeable future, release its assets and meet all its liabilities as they fall due for payment, in the normal course of business. In case of any fund requirement for development/continuing operation of the company, the shareholders shall fund/arrange funds in form of Equity Loan.

Accordingly, these financial statements have been prepared on going concern basis and do not include any adjustments relating to the recoverability and classification of recorded assets, or to amounts and classification of liabilities that may be necessary if the entity is unable to continue as a going concern.

h) Standard issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the period ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company

III. Material Accounting Policies

a) Property, plant and equipment and depreciation

i) *Recognition and Measurement:*

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. The cost of an item of property, plant and equipment comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and
- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment are derecognised from the financial statements, either on disposal or when no economic benefits are expected from its use or disposal. The gain or loss arising from disposal of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment recognised in the statement of profit and loss in the year of occurrence.

Assets under construction includes the cost of property, plant and equipment that are not ready to use at the balance sheet date. Advances paid to acquire property, plant and equipment before the balance sheet date are disclosed under other non-current assets. Assets under construction are not depreciated as these assets are not yet available for use.

ii) *Subsequent expenditure*

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii) *Depreciation*

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on property, plant and equipment of the Company has been provided using the written down value method based on the useful lives specified in Schedule II of the Act.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

(Currency in INR Thousands)

Note 1 (*Continued*)

III. Material Accounting Policies (*Continued*)

b) Impairment of non-financial assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment loss is recognised for such excess amount. The impairment loss is recognised as an expense in the statement of profit and loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and the value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss, to the extent the amount was previously charged to the statement of profit and loss. In case of revalued assets, such reversal is not recognised.

c) Financial instruments

I. Financial assets

Classification

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement

Trade receivables and debt securities issued are initially recognised when they originate.

The Company recognises financial assets (other than trade receivables and debt securities) when it becomes a party to the contractual provisions of the instrument. All financial assets are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For the purpose of subsequent measurement, the financial assets are classified in three categories:

- Debt instruments at amortised cost

(Currency in INR Thousands)

Note 1 (*Continued*)

III. Material Accounting Policies (*Continued*)

c) Financial instruments (*Continued*)

I. Financial assets (*Continued*)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

Debt instruments at Fair Value through Profit or Loss

Debt instruments included in the fair value through profit or loss (FVTPL) category are measured at fair value with all changes recognised in the statement of profit and loss.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised when:

- (a) The rights to receive cash flows from the asset have expired, or
- (b) the Company has transferred substantially all the risks and rewards of the asset, or
- (c) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

for the year ended March 31, 2025

(Currency in INR Thousands)

Note 1 (*Continued*)

III. Material Accounting Policies (*Continued*)

c) Financial instruments (*Continued*)

Impairment of financial assets

The Company applies 'simplified approach' measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- b) Trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss at each reporting date, right from its initial recognition.

II. Financial Liabilities

Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost.

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised.

III. Material Accounting Policies (*Continued*)

c) Financial instruments (*Continued*)

II. Financial Liabilities (*Continued*)

Loans and borrowings (*Continued*)

Amortised cost is calculated by taking into account any discount or premium on acquisition and transactions costs. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to loans and borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

III Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle them on a net basis or to realise the assets and settle the liabilities simultaneously.

IV. Share Capital

Ordinary equity shares

Incremental costs directly attributable to the issue of ordinary equity shares, are recognised as a deduction from equity.

III. Material Accounting Policies (*Continued*)

d) Revenue Recognition

The Company receives maintenance amount from the customers and utilises the same towards the maintenance of the respective projects. Revenue is recognised to the extent of maintenance expenses incurred by the Company towards maintenance of respective projects.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract Liability is recognized when there is billing in excess of revenue and advance received from customers.

Interest income

Interest income is accounted on an accrual basis at effective interest rate.

Interest on delayed payment and forfeiture income are accounted based upon underlying agreements with customers.

e) Income tax

Income tax expense comprises current tax and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to items recognised directly in equity or in OCI.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to realise the asset and settle the liability on a net basis or simultaneously.

Note 1 (*Continued*)

III. Material Accounting Policies (*Continued*)

e) Income tax (*Continued*)

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent there is convincing evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

f) Borrowing Costs

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing.

All other borrowing costs are recognised as an expense in the year which they are incurred.

g) Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

h) Earnings per share

This Basic earnings per share is computed by dividing the profit/loss after tax attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/loss after tax attributable to the equity shareholders as adjusted interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares. If potential equity shares converted into equity shares increases the earnings per share, then they are treated as anti-dilutive and anti-dilutive earning per share is computed.

i) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

j) Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

18 FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT (Continuing)

b) Risk Management Framework

The Company's Board of Directors have overall responsibility for establishment and oversight of the Company's risk management framework. The Company follows the Holding Company's risk management policies to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

c) Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- (i) Credit Risk
- (ii) Liquidity Risk
- (iii) Market Risk.

(i) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations,

The carrying amount of financial assets represents the maximum credit exposure.

Trade Receivables

Customer credit risk is managed by requiring customers to pay advances through progress billings before providing maintenance services, therefore substantially eliminating the Company's credit risk in this respect.

The Company's credit risk with regard to trade receivable has a high degree of risk diversification, due to the large number of project having numerous customers

As per simplified approach, the Company makes provision of expected credit losses on trade receivables to mitigate the risk of default payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

Cash and Bank balances

Credit risk from cash and bank balances is managed by the Company's treasury department in accordance with the Company's policy.

(ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Company does not have any derivative financial liability. The Company however invests its surplus funds in bank fixed deposits.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date:

March 31, 2025	Carrying Amount	Contractual cash flows				
		Total	Within 12 months	1-2 years	2-5 years	More than 5 years
Financial Liabilities						
Current						
Trade Payables	13,730.83	13,730.83	13,730.83	-	-	-
Other Current Financial Liabilities	330.50	330.50	330.50	-	-	-
March 31, 2024	Carrying Amount	Contractual cash flows				
		Total	Within 12 months	1-2 years	2-5 years	More than 5 years
Financial Liabilities						
Current						
Trade Payables	10,902.53	10,902.53	10,902.53	-	-	-
Other Current Financial Liabilities	330.50	330.50	330.50	-	-	-

The Company has sufficient current assets comprising of Other Bank Balances and Other Current Financial Assets to manage the liquidity risk, if any in relation to current financial liabilities.

(iii) Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rate and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

a) Currency Risk

Currency risk is not material, as the Company's primary business activities are within India and does not have significant exposure in foreign currency.

b) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The management is responsible for the monitoring of the Company's interest rate position. Various variables are considered by the management in structuring the Company's borrowings to achieve a reasonable, competitive cost of funding.

c) Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.
